25X1 [REDACTED] Comment. Nikolayev (fnu) is known as supply officer in Eberswalde-Eisenspalterei. The other names are reported for the first time.

[REDACTED] Comment.

25X1 Army: [REDACTED] reported for the first time

25X1 [REDACTED] an office of the Hq Fourth Gds Mecz Army in Eberswalde.

25X1 Air force: [REDACTED] an AAA unit at Finow airfield in late May 1952. This is supported by the fact that the unit received ammunition shipments from the Kapen and Pfaffendorf ammunition depots.

25X1 [REDACTED] a fuel depot of the Twenty-Fourth Air Army which chiefly supplies units of the 71st Ftr Corps (US). The depot was transferred from Wittstock to Eberswalde-Eisenspalterei in the beginning of June 1952.

25X1 The other [REDACTED] air force units not commented on here are known from previous reports.

[REDACTED] Comment. During the 39 days of observation, 300 carloads were handled at the Eberswalde-West railroad station in comparison with 334 carloads during the last period of observation which covered 27 days. The report appears to be incomplete as it does not contain shipments of the motor vehicle exchange program from Frankfurt/Oder to this area. [REDACTED]
